## About Me

Eager and enthusiastic learner with a strong passion for personal and professional growth. I am deeply committed to continuously expanding my knowledge and skills, seeking out new challenges and opportunities for development. My analytical mindset allows me to approach problems with a strategic and detail-oriented perspective.

With a proactive attitude and a thirst for knowledge, I am excited to embrace new challenges and contribute to the success of any team or organization.

## Experience

- **TalentPlace.io**

Internship

Was part of a small startup, where I handled various tasks. Working in a startup environment equipped me with adaptability, resourcefulness, and a proactive approach to problem-solving.

- **ExclusiveLane**

Email marketing intern

I was given the responsibility of writing the content of the email in order to find potential clients for the company.

- **CTM centre for education excellency**

Teacher (Maths and Science)

Founded and operated a private education centre for high school students. Spearheaded all aspects of the centre's establishment, including curriculum development, facility setup. Successfully grew the centre's enrolment and reputation within the local community, resulting in sustained profitability and positive feedback from parents. The past 3 years being a teacher has helped me develop strong interpersonal skills.
